

## **FINE FOODS & PHARMACEUTICALS N.T.M. S.p.A. PARTICIPATES IN THE "VIRTUAL AIM ITALIA CONFERENCE 2020, MILAN"**

Verdellino (BG), 22 May 2020 - Fine Foods & Pharmaceuticals N.T.M. S.p.A. (hereafter the "Company" or "Fine Foods"), the leading independent Italian company in the contract development and manufacturing organisation (CDMO) of solid oral forms for the pharmaceutical and nutraceutical industries, will be attending the "Virtual AIM Italia Conference 2020, Milan", scheduled for Monday, 25 May 2020.

Organised by Borsa Italiana, the event is dedicated to AIM Italia listed companies to present the results and prospects to Italian and international institutional investors. The third "AIM Italia Conference 2020, Milan" will be virtually organised, with digital meetings in one-to-one or small groups.

Chairman Marco Francesco Eigenmann, CEO Giorgio Ferraris and Financial Director & Investor Relations Carlo Larghi will represent the company.

Fine Foods management will present the 2019 financial results, the Company's growth strategy and business model. This crucial event enables the Company to update investors on its measures to deal with the Covid-19 emergency. These have severely limited its negative impact on the business. Fine Foods, which operates in "essential" sectors such as pharmaceuticals and nutraceuticals, never closed its production facilities or had problems with supply and delivery to customers. Operations have suffered minimal slowdowns which were exclusively due to the further strengthening of safety measures already in place and which are part of the Company's DNA.

Fine Foods Chief Executive Officer Giorgio Ferraris, said: *"After the virtual roadshow that followed the publication of the 2019 results, the AIM Italia Conference represents another crucial occasion to interact with institutional investors about the current scenario.*

*Fine Foods is facing the Covid-19 emergency with an excellent financial solidity and a cohesive and motivated staff – who I would like to thank for their work.*

*We look to the future with stronger and more determined optimism thanks to our excellent positioning in attractive markets and recent investments which expand production capacity and improve efficiency."*

The presentation for Fine Foods investors is available in the "Investor relations" section of the Company's website [www.finefoods.it](http://www.finefoods.it).
