THE FINE FOODS BOARD OF DIRECTORS INITIATES TREASURY SHARE BUYBACK PROGRAMME

Verdellino (BG), 21 April 2021

Today, the Company's Board of Directors resolved to launch the treasury share buyback programme (the "Programme"), to implement and comply with the authorisation to buyback and dispose of treasury shares approved by the 21 April 2021 Shareholders' Meeting (the "2021 Resolution").

Programme purposes

The Programme has the following objectives (i) stabilisation, liquidity support and market efficiency, (ii) to obtain a securities portfolio ("securities stock") to be used for any extraordinary transactions, including exchanges of equity investments with other parties, including any bonds convertible into Company shares or bonds with warrants, and dividends in shares.

The Board of Directors may add additional objectives or modify those existing in the Programme, under the 2021 Resolution and current legislation, in which case the market will be promptly notified.

Maximum number of shares to be purchased and maximum value

Purchases in the 18-month period from 21 April 2021, even if carried out in several tranches, may involve a maximum number of revolving ordinary shares (meaning the maximum number of treasury shares held in the portfolio each time) of 2,000,000 ordinary shares (currently equal to 11% of the ordinary shares issued by the Company and 8% of today's Company share capital) without a nominal value. This is within the legal limits and the authorisation under the 2021 Resolution.

The maximum value of the Company's ordinary shares that may be purchased under this Programme has been set at Euro 26,000,000.

Programme duration

The Programme will last 18 months after the 21 April 2021 resolution date unless there is an early interruption which will be legally reported to the Market. The arrangement in one or more issues of treasury shares is without time limits.

Minimum and maximum prices and volumes

Purchases under the Programme will be made on AIM Italia at a price not higher than the highest price between the last independent transaction and the price of the AIM Italia highest current independent offer or a different price under Art. 3 of MAR. The unit price, as provided for in the 2021 Resolution, may not be more than 15 per cent lower or higher than the official stock exchange price of the shares recorded by Borsa Italiana S.p.A. in the session before each transaction. Following the 2021 Resolution, no volume exceeding 25 per cent of the average daily volume of shares traded on AIM Italia each trading day may be purchased during the 20 trading days before each purchase date or at a different volume under Art. 3 of Delegated Regulation (EU) 2016/1052 which supplements MAR.

Purchasing methods

The buyback of treasury shares will be made through Banca Akros S.p.A., as appointed intermediary. This is conducted under the applicable regulations and on the AIM Italia multilateral trading system to ensure equal treatment between shareholders. On AIM Italia multilateral trading system this provision does not apply to purchases of treasury shares or parent company shares held by employees of the issuing company, subsidiaries or parent company shares and shares assigned or subscribed under articles 2349 and 2441, paragraph 8, of the Civil Code, or resulting from remuneration plans approved by the ordinary Shareholders' Meeting.

Adequate communication of any buyback and disposal of treasury shares will be provided under the applicable information requirements.
